

Digital Imaging II

Mr. Stanley

Room 138

stanleyj@amesburyma.gov, x1380

About the Class

This class is the next level of Digital Imaging. We will be covering more advanced photoshop techniques, animation, and video editing and compositing. Material that is covered in this class *may* include: layers, compositing, pen tool use, design, advanced photo-retouching, perspective, lighting, realism, layer styles, typography, lip syncing, film loops, rotoscoping, blue/green screening, and various other special effects that span multiple mediums.

Digital Imaging II is considered an advanced course. Given the length of the class is only a quarter long, this means we will be covering a lot of material in a very short amount of time.

Grading Policies

Weighting for grades is as follows:

Mini-projects (quiz)	40.00%
Big-projects (tests)	25.00%
Participation	15.00%
Assignments	10.00%
Final Project	10.00%

Extra Credit

Extra credit can be earned by entering on-line photoshop contests, such as the ones at worth1000.com. Extra credit can only be earned if you show me the original PSD and receive positive feedback on your work. Doing this will count as a quiz grade.

Extra Help

All students are encouraged to come in for extra help when needed. Extra help is available during A block (7:30-7:57) and after school in room 138. Meetings outside of these times need to be arranged with Mr. Stanley.

Absences

If a student has an excused absence from class, that student is required to come to an A block extra help session for a review of what was missed.

Any missing work will have a grace period the same length that have you been absent. Any missed quizzes/tests must be made up on the day you return to class. Work passed in after the time allotted will not be accepted. Students with unexcused absences will receive a 0 for the day.

General Lab Rules

- Respect everybody in the lab. This includes the teacher, peers, guests, subs, wild animals, etc.
- Respect all equipment in the lab.
- No food or drinks allowed.
- Mp3 players and music are a privilege, don't make me take it away
- There is absolutely 0 reason for you have to a cell phone out during class. First offense is a detention and a phone call home, second offense is a write-up and a phone call home. Don't make me have to come up with an idea for a third offense. This also applies to people who “forget” to turn off their ringer during class.
- The above rule applies to devices like handheld gaming devices as well.
- I reserve the right to confiscate these items until the end of class or the end of the day (whatever I see fit) You reserve the right to refuse.
